

Call for Make 'n' Take/Roundtable Discussion Proposals

Sonoma County • Rohnert Park, CA
October 23-24, 2009

We are seeking strong presenters who can provide specific research, discussion topics, teaching strategies and practical connections to the subject areas of nutrition, school gardens and agriculture. Presentations must be education-based and provide agricultural resources and/or insight suitable for a K-12 classroom setting: topics will prepare educators with skills to teach agriculture concepts in English-language arts, mathematics, history-social science, science and visual and performing arts and meet academic content standards for California public school requirements. Hands-on activities are encouraged.

Make 'n' Take/Roundtable Discussion sessions will be held immediately following the morning general session.

Saturday, October 24 from 9:40 am – 11:00 am

Set-up time is from 6:30 am – 8:00 am

We are requesting that presenters be set up prior to the start of general session, as attendees will remain at their seats for the breakfast, general session and throughout the first Make 'n' Take/Roundtable rotation.

Make 'n' Take/Roundtable Description (60 words or less for print use)

Please prepare a brief description of your session. It will be used for review purposes and may be edited for inclusion in the printed conference program. In an effort to offer a well-balanced set of presentations, the conference planning committee will determine which proposals can be accommodated.
