Table Theme/Discussion Description (60 words or less for print use) _____

Your Role

This fun-filled event showcases California's agricultural sources via table hosts representing their particular connection to agriculture. Your participation as an agricultural partner will highlight knowledge about your industry that teachers can share with their students in innovative ways.

Your role as a table host includes:

- Decorating your table with an agricultural centerpiece and decorations.
- Providing promotional and educational items at each place setting for the educators to keep. **You will need 12 sets of items.** Past table hosts have done a spectacular job, resulting in a fun-spirited competition for the best-decorated table! Visit www.cfaitc.org for photos of decorated tables.
- Visiting with the teachers about your favorite agricultural topic.
- Helping prepare your table guests for a pop quiz. If your table is selected, attendees may be "tested" on what they learned.
